OUR FAMILY TAKING CARE OF YOUR FAMILY

Right now, you may be faced with the difficult decision of caring for your aging or ill mother, dad or another loved one. Helping them preserve their dignity, providing the highest level of loving care, and allowing them the security and comfort of living at home are probably your biggest concerns.

You and your family may be struggling with the responsibility and logistics of managing your home, children and jobs without compromising the care of your loved one. That's where Home to Stay can help.

As our name implies, the mission of Home to Stay is to keep your loved ones in their familiar environment, one that promotes their well-being, safety and independence as long as possible.

Your Home to Stay Caregiver will make it possible for your whole family to enjoy your time together, rather than enduring the burden of constant care tasks and the guilt and frustration of not being able to do enough for your parents or loved one.

If you want your loved ones to stay at home, call Home to Stay.

24 HOURS A DAY, 7 DAYS A WEEK:

(856) 321-1500

"Mom didn't want or think she needed help her with her daily activities. Our aide Michelle was a godsend to my Mom and went from being against the idea of wanting help to insisting we increase her hours. They developed a great bond and friendship. Home to Stay greatly improved my Mom's quality of life."

Sue S., Mickleton N.J.

"Words cannot express my gratitude for all your help during a very difficult time for me. You were the only one able to provide a health care aide, Judy, the night I brought him home. She brought me food because she knew I wasn't eating. She also cleaned my powder room which was very much appreciated. Eileen was the only one that was able to give Les a bath and wash his hair.

I especially want to thank you for sending me Carol. She was my rock, although Les would not always let her do her job. She was truly here for me, too."

Diana C., Cherry Hill, NJ
